- PENDANTS: six
- BASE: 350mm (13.8") round base
- LAMPING: 1.5w LED
- STEM LENGTH: 1.8m (6') long stem
- MATERIALS: blown glass, black flexible cord, brass dial control, unlacquered brass or black powder coated base
- WEIGHT: approximately 19.6kg (43lb)
- CABLE LENGTH: 2290mm (90') flexible cable
- POWER SUPPLIES: integral

DESCRIPTION

The stem floor system comes in unlacquered brass or black powder coated stem with a 350mm (13.8") diameter base.

A white glass bubble is captured inside a fine copper mesh basket and then plunged into hot clear glass. Air is blown into the matrix to gently push the white glass through the mesh, creating a delicate pillowed form that is suspended inside the thick outer layer of clear glass. Sometimes the copper mesh basket folds and crinkles, adding specificity to each piece.

NOTES

- + Purchase replacement lamps online at www.bocci.com/shop/bulbs
- + **The brass used in our Stem Series is untreated and, as such, will develop a natural patina over time. To avoid any marking or tarnish on the brass during handling and installation, please use the gloves provided in your shipment.**
- + To maintain your fixture, please regularly dust with a lint-free cloth. If further cleaning is required, dampen a lint-free cloth with water only and wipe gently to remove dust or debris.

BOCCI

1

Hold the stem tube from the bottom and slowly thread the stem onto the base. Stop if any force is felt and ensure the stem tube is at 90° from the base.

Note: Bocci recommends wearing thin gloves during installation to protect the stem finish and the glass surface.

2

Thread the cover cap on one end of the stem.

3

Thread the pendant mounting plate onto the stem.

4

Carefully insert provided lamp into socket.

5

Plug in the cord to the plug head.

Plug in floor light. Turn the dial to check power to lamp is working correctly.

6

Gently thread pendant onto the stem. Be sure to carefully place the pendant so as not to damage the lamp during installation.

Clean fingerprints from fixture surfaces.
